ABSTRACT

This resource document provides information about technical assistance and educational materials that can guide the development, implementation, and evaluation of acquired immunodeficiency syndrome (AIDS) education. The resources also offer information about programs whose goals are to prevent the spread of human immunodeficiency virus (HIV) and other sexually transmitted diseases (STDs) among school-aged youth in Wisconsin. The document is divided into two sections: a resource directory and an annotated resource list (audiovisuals; books, journals, reports, and articles; guides; curricula; pamphlets/brochures; booklets/other; and magazines). As a whole, they provide the contacts and the foundation, respectively, for families, communities, and schools to fight the spread of AIDS, HIV, and other STDs. (SM)

## *Introduction*

This resource document was designed to provide information about technical assistance and educational materials that can guide the development, implementation, and evaluation of Acquired Immunodeficiency Syndrome (AIDS) education. The resources also offer information about programs whose goals are to prevent the spread of the Human Immunodeficiency Virus (HIV) and other sexually transmitted diseases (STDs) among school-aged youth in Wisconsin. The document is divided into two sections: a resource directory and an annotated resource list. As a whole, they provide the contacts and the foundation, respectively, for families, communities, and schools to fight the spread of AIDS, HIV, and other STDs.

It is the position of the federal Centers for Disease Control and Prevention (CDC) and the Wisconsin Department of Public Instruction (DPI) that parents, communities, and schools must build local partnerships to address youth risk behaviors to provide mutually reinforcing prevention messages to children and youth. The most important message for young people to prevent STDs and HIV is that refraining from sexual intercourse and alcohol and other drug use is the most effective prevention strategy. Wisconsin must strive to create a climate that supports young people who choose to abstain. Some young people, however, may be unwilling to abstain from sexual activity and/or alcohol and other drug use. Therefore, the annotated resources include entries that provide messages related to risk reduction. In addition, the DPI promotes an integrated approach to youth risk behavior prevention programming. Therefore, the list includes resources on issues related to HIV/AIDS.

As a recipient of federal funding from CDC, DPI must abide by the Requirements for Contents of AIDS-Related Written Materials, Pictorials, Audiovisuals, Questionnaires, Survey Instruments and Educational Sessions in Centers for Disease Control Assistance Programs, as revised June 15, 1992, 57 Federal Register 26742. The requirement states that a program review panel of no less than five persons review and approve all applicable materials prior to their distribution and use in any activities supported by CDC assistance funds.

The program review panel appointed by State Superintendent John Benson has reviewed and approved all of the materials in the annotated resource list. The resources listed are for use in a variety of settings. Many of the materials have been approved for use with youth in high risk circumstances and may not be appropriate for use in public schools. The annotations and the reader's discretion are critical in selecting materials that are developmentally and culturally appropriate for the intended audience. This document will continue to be updated periodically as new materials are made available and reviewed.

## *RESOURCE DIRECTORY*

The following national, state, and regional contacts are sources of current information and technical assistance to guide the development, implementation, and evaluation of STD/HIV prevention education programs for school-aged youth in Wisconsin.

**American Red Cross National HIV/AIDS Teen Hotline**
(800) 440-TEEN
Fridays and Saturdays 6 p.m. to 12 midnight Eastern Standard Time
www.redcross.org/hss/HIVAIDS/

**National AIDS Hotline**
(800) 342-AIDS
(800) AIDS-TTY (hearing impaired)
(800) 334-SIDA (Spanish)
The hotline is staffed 24 hours.

**CDC National Prevention Information Network**
(800) 458-5231
The clearinghouse is an excellent source for research studies and educational materials which may be ordered at no or low cost.

**National Minority AIDS Council**
(202) 483-6622
Monday through Friday 9:00 a.m. - 6:00 p.m. Eastern Standard Time.
www.nmac.org/

**National Network of Runaway and Youth Services**
(800) 878-AIDS
Monday through Friday 8:30 a.m. - 5:30 p.m. Eastern standard time. The network provides technical assistance on HIV/AIDS policies and programs for youth in high risk situations.

**National STD Hotline**
(800) 227-8922
The hotline is staffed 24 hours.
sunsite.unc.edu/ASHA/

**Wisconsin AIDS Line**
(800) 334-AIDS
(414) 273-AIDS (Milwaukee)
Monday through Thursday 9:00 am - 9:00 pm.
Friday 9:00 a.m. - 5:30 p.m.

**Wisconsin AIDSLINE, Teen Operators**
(800) 334-AIDS (2437) or (414) 273-2437
820 North Plankinton Avenue
Milwaukee, WI 53203

Volunteer teen operators answer questions about HIV/AIDS and make referrals to appropriate services. Hours of teen operators are from 3 pm to 9 pm, Monday through Thursdays. Materials may also be mailed out if needed.
Contact: Julie Bock, Program Coordinator

**Wisconsin Department of Public Instruction**
(608) 266-7921
www.dpi.state.wi.us
Staff provide technical assistance related to curriculum and instruction, HIV policy development for schools and youth-serving community agencies, and staff development opportunities for school and community educators.

**Cooperative Educational Service Agencies (CESA)**
Each of the 12 regional CESAs employs one or more consultants who provide assistance to schools in developing youth risk behavior prevention strategies. In addition, each of the CESAs has a media center that will rent or loan STD/HIV educational materials designed for children and youth. Educators should contact their local CESA to obtain a materials listing.

CESA 1
2930 South Root River Parkway
West Allis, WI 53227-2924
(414) 546-3000

CESA 2
448 East High Street
Milton, WI 53563-1502
(608) 758-6232

CESA 3

923 East Garland
West Salem, WI 54669
(608) 786-4852

CESA 5
626 East Slifer Street
P.O. Box 564
Portage, WI 53901-0564
(608) 742-8811

CESA 6
2300 State Road 44
P.O. Box 2568
Oshkosh, WI 54903-2568
(414) 233-2372

CESA 7
595 Baeten Road
Green Bay, WI 54304-5763
(414) 492-5960

CESA 8
223 West Park Street
P.O. Box 449
Gillett, WI 54124-0320
(414) 885-2114

CESA 9
328 North 4th Street
P.O. Box 449
Tomahawk, WI 54487-0449
(715) 453-2141

CESA 10
725 West Park Avenue
Chippewa Falls, WI 54729-3276
(715) 720-2070

CESA 11
225 Osterman Drive
Turtle Lake, WI 54889-9011
(715) 986-2020

CESA 12
618 Beaser Avenue
Ashland, WI 54806-2751
(715) 682-2363

**Wisconsin Parent-Teacher Association (PTA)**
(608) 244-1455
The Wisconsin PTA identifies an HIV Commissioner to coordinate HIV prevention programming to PTA chapters in the state.

**Wisconsin Department of Health and Family Services, AIDS/HIV Program**
(608) 267-5287
Staff coordinate statewide public health initiatives, such as: surveillance, HIV antibody counseling and testing, prevention education, service delivery, partner referral program, and community planning.

**County/City Health Department**
Refer to the government section of the local phone directory.
Local health department staff are available to provide assistance to individuals, schools, and community agencies related to STD/HIV prevention efforts and service information.

**Wisconsin AIDS Library**
(414) 273-1991, ext. 239
The library will rent or loan STD/HIV/AIDS educational materials. Contact the library to obtain a catalogue.

**AIDS Service Organizations (ASOs)**
Each of the following nine regional ASOs employs one or more prevention and life care services specialists who provide assistance to individuals, schools, and community agencies:

North - AIDS Resource Center of Wis. - Wausau
1105 Grand Avenue, Suite 3
Schofield, WI 54476
(715) 355-6867 or (800) 551-3811

Northeast - AIDS Resource Center of Wis. - Appleton
120 North Morrison Streete, Suite 201
Appleton, WI 54911
(920) 733-2068 or (800) 773-2068

Northeast - AIDS Resource Center of Wis. - Green Bay
824 South Broadway
Green Bay, WI 54304
(920) 437-7400
or (800) 675-9400

South - AIDS Network
600 Williamson Street
Madison, WI 53703
(608) 252-6540 or (800) 252-6559

South - AIDS Network
159 West Grand Avenue
Beloit, WI 53511

South - AIDS Network
32 South Main Street
Janesville, WI 53545

Southeast - AIDS Resource Center of Wis. - Kenosha
1212 57th Street
Kenosha, WI 53140
(414) 657-6644 or (800) 924-6601

Southeast - AIDS Resource Center of Wis. - Milwaukee
820 N. Plankinton Avenue
P.O. Box 510498
Milwaukee, WI 53203
(414) 273-1991 or (800) 359-9272

(414) 671-5700

Urban League of Greater Madison, Inc.
151 East Gorham
Madison, WI 53703
(608) 251-8550

**Advocates for Youth**
1025 Vermont Avenue, NW
Suite 200
Washington, DC 20005
(202) 347-5700
FAX: (202) 347-2268
info@advocatesforyouth.org

**Teen Resource Center for HIV Prevention**
(800) 359-9272 or (414) 273-1991
820 North Plankinton Avenue
Milwaukee, WI 53203

A reference library of materials (books, videos, curricula, etc.) housed in the Wisconsin AIDS Library. Referrals are made to local teen peer programs for technical assistance. A list of groups providing training on HIV/AIDS is available. Contact: Michele Walker, Librarian or Julie Bock, Program Coordinator.

**American Red Cross**
**Wisconsin Statewide Network**
(414) 342-8680 (Milwaukee Chapter)
Several of the Red Cross Chapters in Wisconsin employ an HIV prevention specialist who provides HIV certification courses and technical assistance to individuals, schools, and community agencies related to STD/HIV prevention efforts. In addition, the Red Cross develops and disseminates educational materials. Contact the Red Cross to obtain a catalogue.

**INTERNET WEB SITES**

**AIDS Education Global Information Systems (AEGIS)**
**http://www.aegis.com**
AEGIS is a comprehensive HIV knowledge base which includes AIDS Daily News Summaries, reprints of articles from select national and metropolitan newspapers; a database search engine linked to the National Library of Medicine; select conference summaries & conference calendars; "how-to" papers written for persons newly diagnosed or living with HIV infection; comprehensive links to HIV-related sites.

**The Body: A Multimedia AIDS and HIV Resource**
**http://www.thebody.com/cgi-bin/body.cgi**
Extensive and comprehensive HIV knowledge base with links to numerous resources.

**CDC National AIDS Clearinghouse (NAC)**
**http://www.cdcnac.org**
This is the information clearinghouse on HIV/AIDS for the federal Centers for Disease Control and Prevention (CDC). This Internet site is accessible in English or Spanish. NAC databases include information on organizations, educational materials, funding opportunities, news (including the AIDS Daily News Summaries), conferences, periodicals, and federal press releases. This site has links to other web sites and information sources, including the AIDS Clinical Trials Information Services (ACTIS), HIV/AIDS Treatment Information Service, CDC Business Responds to AIDS, and Labor Responds to AIDS Resource Service.

**Center for AIDS Prevention Studies (CAPS)**
**http://www.epibiostat.ucsf.edu/capsweb**
CAPS is an academic HIV prevention research center based at the University of California San Francisco. This Internet site includes summaries of resarch activities, prevention programs, bibliographies of CAPS scientific articles and reports, prevention fact sheets, prevention news and newsletters, related prevention resource materials, and an overview of behavioral research.

**HIV InSite**
**http://hivinsite.ucsf.edu**
This is a newer web site coordinated by the University of California, San Francisco, the AIDS Program at San Francisco General Hospital, the Center for AIDS Prevention Studies, and the Henry J. Kaiser Family Foundation. The web site includes medical information, prevention education materials, social policy information (including legislation), community and research resources; state-by-state information about HIV/AIDS, including state statistics, government programs, hotlines, and other resources; compilations of news articles, opinion pieces, documents, abstracts, bibliographies, contacts and related Internet links.

**Wisconsin Clearinghouse for Prevention Resources**
**http:\\www.uhs.wisc.edu/wch**
As part of the University Health Services at the University of Wisconsin-Madison, the Wisconsin Clearinghouse provides educational materials, training and consultation services on prevention programs with a special focus on alcohol and drug abuse prevention. This web site includes general information about the Wisconsin Clearinghouse, an on-line catalogue of Clearinghouse materials, and listings of resource materials available to Wisconsin residents through the Clearinghouse lending library, and papers written by Clearinghouse staff.

## Audiovisuals

*A Is For AIDS (Revised)*. Video. Produced by the Altschul Group Corporation, 1992. 15 minutes.

Through the use of animation, the video demonstrates how the immune system functions, and how it is drastically altered when a person's body is infected with HIV. The video also contains footage of Magic Johnson's press conference where he reveals he is HIV positive and stresses why it is important to learn the facts. Audience: Children ages 8-12.

Altschul Group Corporation
1560 Sherman Avenue, Suite 100
Evanston, IL 60201
(800) 323-5448
$295.00

*AIDS, Not Us*. Produced by Select Media. 36 minutes.

This video dramatizes the lives of five inner city youths. In this realistic drama, each "posse" member deals with conflict, confronts his risk for AIDS, and makes difficult personal choices. *AIDS, Not Us* is a behaviorially oriented intervention video that targets urban minority youth and focuses on sexual risk behaviors and the barriers to condom use.

Select Media
22-D Hollywood Drive
HoHoKus, NJ 07423
(800) 343-5540
$80, plus $12.00 shipping/handling

*Abstinence...It's the right choice*. Produced by SVE & Churchill Media. 1995. 22 minutes.

This video shows a discussion among teens and serves as a focus for discussion about sexual decision-making. Audience: general, middle and high school.

SVE (Society for Visual Education)
6677 North Northwest Highway
Chicago, IL 60631
(800) 829-1900
Fax: (800) 624-1678
$149.95

*Camp Itsamongus*. Video and teachers' guide. Developed by the Knox County Chapter, American Red Cross, 1990. 15 minutes.

This video focuses on the relationship between two children at summer camp. In a very humorous way, the campers clarify misconceptions about HIV transmission and overcome the fear of living with an HIV positive camper. A teachers' guide is included. Audience: Children ages 5-10.

American Red Cross
Greater Milwaukee Chapter
2600 W. Wisconsin Avenue
P.O. Box 05800
Milwaukee, WI 53205-0800
(414) 342-8680
$49.00 (includes teachers' guide)

*Challenge To Us All, A*. Video and guidebook. Developed by the Pediatric AIDS Foundation, 1993. 22 minutes.

This package contains two videos, *A Parent Meeting* and *Educating Our Children*, and a guidebook designed to provide information to parents about ways to provide HIV education to children. The videos also assist in clarifying issues related to a child or staff person with AIDS/HIV infection in the school setting. Audience: Parents.

Pediatric AIDS Foundation
1311 Colorado Avenue
Santa Monica, CA 90404
(310) 395-9051
No charge

*Dawn's Story*. Produced by American Airlines. 24 minutes.

This video tells the story of a young woman who acquires HIV. It is a long video (24 minutes), but may be particularly appropriate as a discussion starter for people who believe that successful young Caucasian women are not at risk for HIV. It would not be appropriate as a

stand-alone educational tool. Audience: general, high school, community

L. Schwitters
1745 Brookside Drive, SE
Issaquah, WA 98057
(425) 392-9161
$3.00/$4.00 (if Tax ID Number is used)

*Don't Forget Sherrie*. Video, guidebook, and students' workbook. Developed by the American Red Cross. (Revised 1995). 30 minutes.

This award-winning video uses an excellent cast, a rhythmic musical score, and a realistic script to tell the story of a young man who is worried because his former girlfriend has died of AIDS. The film deals with his fears and misconceptions about AIDS and its impact on his relationship with his current girlfriend. The leaders' guide and students' workbook provide lessons designed to facilitate the development of decision-making skills. Audience: Youth ages 13-adult.

American Red Cross
4860 Sheboygan Avenue
P.O. Box 5905
Madison, WI 53705-0905
(608) 233-9300 Ext. 260
$25.00 ($5.00 leaders guide, $8.00 per 10 copies of students workbook) Video may be loaned at no charge.

*I Need a Friend: Kids Talk About the AIDS Virus*. Video. Developed by Molly Matthews. 1992. 15 minutes.

Children who have AIDS/HIV infection talk about how their disease has affected their friendships and their experiences in school. Audience: Children ages 5-adult.

Matthews Media Group
3405 Olandwood Court, Suite 203
Olney, MD 20832
No charge

*It Is What It Is*. Video and guidebook. Developed by the GMHC, 1992. 60 minutes.

The video is composed of three 20-minute segments addressing sexual identity, coming out, and homophobia. A frank section on safer sex education is also included. Hosted by a diverse cast of young gay men and lesbians, the video mixes clear presentations of information with powerful dramatic scenes and humorous skits. Audience: Youth ages 13-adult.

GMHC
10 West 20th Street, 2nd Floor
New York, NY 10011-0022
(212) 337-1950
$50.00 (includes discussion guide)

*Just Like Us: AIDS Prevention*. Sunburst Communications. 1993.

Seven HIV positive young people, most of whom contracted the virus from heterosexual sex, are interviewed to help students understand that anyone can get AIDS. The individuals include four young women and three young men - five Whites, one African-American and one Hispanic-American. Two have AIDS and at least one of them to date has died. Grades 10 and up.

Sunburst Communications
Department SG88
39 Washington Avenue
P.O. Box 40
Pleasantville, NY 10570
(800) 431-1934
$169.00

*Little Questions, Big Questions*. Video. Produced by the New Jersey Network. 1993. 25 minutes.

This video is designed to help school boards, parents, administrators, teachers and other concerned adults understand the benefits of beginning family life education in the early grades. Early childhood is the critical time to lay a foundation for healthy sexuality which can help to prevent problems later in life. Audience: Early childhood and elementary educators, parents and policymakers.

Rutgers, The State University of New Jersey
Network for Family Life Education
Building 4161, Room 209, Livingston Campus
New Brunswick, NJ 08903
(732) 445-7929
$20.00 (includes discussion guide)

*No Rewind: Teenagers Speak Out on HIV and AIDS Awareness*. Video. ETR Associates. 1992. 22 minutes.

Experienced teen peer educators present to a high school class about HIV infection. The video provides information on HIV transmission.

the influence of alcohol and drugs on sexual behavior, abstinence and HIV testing. An explicit demonstration of condom usage is included. Audience: high school-age youth.

ETR Associates
P.O. Box 1830
Santa Cruz, CA 95601-1830
(800) 321-4407
$150.00

*Porch Light* (video & discussion guide)
This video realistically portrays the complex issues and emotions facing people with AIDS and their families, especially in rural settings and fosters a compassionate response toward people facing such complex issues. The accompanying discussion guide reinforces the aforementioned and also encourages viewers to consider ways in which their school, church, or community can provide support to people living with HIV and AIDS and their families. Audience: general, high school

South Dakota State Library
Department of Education and Cultural Affairs
Mercedes MacKay Building
800 Governors Drive
Pierre, SD 57501-2294
800-423-6665
Cost: $15.00

*Positive: An AIDS Awareness Film for Teens.* Video. GRM Foundation, 1996. 14 minutes.
This "Beverly Hills 90210" style format involves a multi-racial group of teens in a dramatic story of HIV transmission. All interested Wisconsin public and private high schools were provided with a copy of this video through CESAs early in the 1996-97 school year.

GRM Foundation
3 New York Plaza

(608) 266-7921; FAX: (608) 267-3746

*Preparing Schools for Children with HIV.* Produced by Learner Managed Designs, Inc. 1995. 50 minutes.
This video is designed to help prepare school staff for students who are HIV+. The total package includes a videotape, manual, and test packet. There are five parts: Understanding HIV, Dealing with Body Fluids, Maintaining Confidentiality, Guidelines to Keep Children Healthy, and Education About HIV. Audience: school personnel.

Learner Managed Designs, Inc.
P.O. Box 747
Lawrence, Kansas 66044
(785) 842-9088
Fax: (785) 842-6881
$250.00

*Real People: Teens Who Choose Abstinence.* Video Sunburst. 1993. 24 minutes.
Teens who are committed to abstinence discuss the personal, social and ethical reasons they themselves choose abstinence, and how they view this choice as a desirable alternative. Some of the consequences of active sexual behavior--disappointing relationships; emotional upset; risk of AIDS, STDs, pregnancy - are highlighted. Audience: Grades 7-12.

Sunburst Communications
Department PJ81
101 Castleton Street
P.O. Box 40
Pleasantville, NY 10570
$99.95

*STD's: Straight Talk* (Revised). AGC Educational Media, 1993. 20 minutes.
This revised program covers both the emotional and physical results of sexually transmitted diseases. The program follows two teenagers, one male and one female, as they visit their local health clinic and undergo STD testing. The exam is thoroughly explained and symptoms are illustrated. It is stressed that although most sexually transmitted diseases are preventable, not all are curable. The only way to be safe is by practicing abstinence.

AGC Educational Media

(847) 328-6700 or (800) 323-9084
Fax: (847) 328-6706
$295.00

*Sex and Other Matters of Life and Death.* Produced by Public Policy Productions. 1997. 29 minutes.

This documentary is a profile of STAR Theatre, a teenage theater company which uses drama and peer education to help teens avoid pregnancy and disease. Recognized by the American Medical Association as one of the nation's most innovative AIDS education programs, STAR Theatre uses a frank peer-to-peer approach to reach adolescents at risk. Includes multi-racial characters. Audience: adolescents

*Talking With Kids About AIDS: A Program for Parents and Other Adults Who Care*. Ithaca, NY: Cornell Research Center. 1993.

These materials complement school-based AIDS/HIV education programs by providing additional learning opportunities at home and in the community. The training manuals prepare a skilled trainer to implement a three-unit program for adults. Participants would then be prepared to work with other adults and children to provide HIV prevention education.

*Winning the Battle: Developing Support for Sexuality and HIV/AIDS Education*. New York: Sexuality Information and Education Council of the U.S. 1991.

The publication was designed for parents, administrators, community leaders, teachers, school boards, and other concerned individuals. Drawing from experiences of communities that have successfully developed effective sexuality and HIV/AIDS education programs, this publication provides guidance on how to develop and maintain community support and respond to organized opposition to these programs.

## Curricula

*"Act Smart: HIV/AIDS Curriculum for Three Age Groups."* Boys and Girls Clubs of America and the American Red Cross. 1995.

*Act Smart* incorporates age-appropriate participatory learning activities. The program was developed based upon the rationale that HIV/AIDS prevention education is most effective when young people have the opportunity to develop functional knowledge about HIV/AIDS, consider choices that support healthy behavior related to HIV/AIDS, and identify and practice skills that support those choices. The *Act Smart* program emphasizes sexual abstinence, not using drugs, and not sharing needles as the most effective ways to prevent HIV infection. The program provides young people with information on the benefits of postponing sexual intercourse and not using drugs along with opportunities to practice the skills needed to say "no" to risk-taking behaviors. *Act Smart* is designed to be taught to children at the elementary grade level (suggested ages 6-9), middle school level (suggested ages 10-13), and high school level (suggested ages 14-17).

*Art of Loving Well, The. A Character Education Curriculum for Today's Teenagers.* Boston University, School of Education, The Loving Well Project. 1993.

Designed to supplement an English curriculum, this book is an anthology of 41 readings from the classics and contemporary adolescent literature. The Loving Well character education project is predicated on the belief that young people will learn how to achieve fulfilling relationships by promoting conversation and reflection about common human experiences. The book is divided into three sections, including Early Loves and Losses, Romance, and Commitment and Marriage. The selections are borrowed from a wide range of writers, including the Brothers Grimm, John Updike, William Shakespeare, Alice Walker and others and selections focus on the institution of marriage. Audience: high school.

*"Celebrate Immunization: Grades 6-12."* University of Florida, Center for Cooperative Learning. 1995.

*Celebrate Immunization* combines team-based learning materials, videos, and home/school learning activities to offer a comprehensive learning experience to middle and high school students. Students learn the scientific method and the importance of immunization. The curriculum is flexible and can be taught in anywhere from one or two to six class periods. Students will learn about AIDS, influenza, tetanus, and polio. A home/school connection tool is provided in English and Spanish to inform and involve families and students in home discussions and activities.

*"Team Packs: Addressing Human Sexuality Issues."*
Center for Cooperative Learning, University of Florida Health Science Center. 1992.

Teachers act as facilitators while high school students teach each other about AIDS and other sexually transmitted diseases through discussions and role play. This program uses cooperative learning materials and videos. The *Team Pack* program stresses abstinence as the only sure way to prevent sexually transmitted diseases like AIDS, but recognizes the statistics that prove that many teens are sexually active. The program also teaches awareness of the consequences of risky behavior and how to avoid it. Each of the four packs takes one to two class hours and focuses on a specific issue: AIDS, Gonorrhea, Herpes, and Pregnancy. A teacher training video is included.

University of Florida
Center for Cooperative Learning
5700 S.W. 34th Street, Suite 323
Gainesville, FL 32608
(904) 392-8822
$74.00 (includes teacher training video)
